

The Orient Czar

A parody version of "We Three Kings"
by The New Paul Reveres
(newpaulreveres.net @newpaulreveres)

Xi Jinping the orient Czar
tyrant rating going 5 star
wants more power
Earth to cower
won't matter where you are

Oh---oh.
Czar of plunder, Czar of night
Czar who made the COVID blight
his Dominion, your opinion
save us from his wrong for right

COVID caper - played it with style
closed his country for a short while
the West closed longer
makes him stronger
cronies with him do smile

Oh---oh
Czar of plunder, Czar of night
Czar who made the COVID blight
his Dominion, your opinion
save us from his looting might

Hong Kong bends to his mighty will
freedom's buried under a hill
broke the treaty
oh so seedy
Cry as his prisons fill

Oh---oh.
Czar of plunder, Czar of night
Czar who made the COVID blight
his Dominion, your opinion
save us from his wrong for right

Xi Jinping the orient beast
climate change - his one sided feast
no compliance
rich defiance
profit for you the least

(... continues from bottom left)

Oh---oh.
Czar of plunder, Czar of night
Czar who made the COVID blight
his Dominion, your opinion
save us from his looting might

Uighurs killed, their organs for sale
Falon Gong are kin to this tale
ghastly horror for the poorer
Xi Jinping's bloody trail

Oh---oh.
Czar of plunder, Czar of night
Czar who made the COVID blight
his Dominion, your opinion
save us from his wrong for right

Politicians bid his commands
Joe and Nancy sit when he stands
bribes for millions
cost us trillions
as he buys up our lands

Oh---oh.
Czar of plunder, Czar of night
Czar who made the COVID blight
his Dominion, your opinion
save us from his looting might

One day he will lose his command
China will be free from his hand
no more zombies bred from commies
patriots make their stand

Oh---oh
Czar of plunder, Czar of night
Czar who made the COVID blight
his Dominion, your opinion
save us from his wrong for right
